Title: Medical Image System with Progressive Resolution

DECLARATION AFFIRMING SMALL ENTITY STATUS

(37 CFR 1.9(d), 1.9(f) & 1.27(c))

Small Business Concern

I, Jorge Jaime Inga, hereby aver that I hold the office of President of Automated Medical Access Corporation, a corporation of Florida, and that I am empowered to act on behalf thereof.

I aver that Automated Medical Access Corporation is a small business concern as defined in 37 CFR 1.9(d) and 13 CFR 121.12.

I affirm that Automated Medical Access Corporation is the holder of the entire right, title and interest in the subject patent application in accordance with an Assignment of application Serial Number 07/915,298 (now issued as US 5,321,520) recorded by the United States Patent and Trademark Office on July 20, 1992 at Reel 6193, Frames 0513 and 0514, subject application being a continuation of said US 5,321,520.

I further aver that Automated Medical Access Corporation has not assigned, granted, conveyed or licensed and is under no obligation under contract or law to assign, grant, convey or license any rights in the invention to any person who would not qualify as an independent inventor under 37 CFR 1.9(c) if that person had made the invention, or to any concern which would not qualify as a small business concern under 37 CFR 1.9(d) or to a nonprofit organization under 37 CFR 1.9(e).

I acknowledge the duty to file, in this application or patent, notification of any change in status resulting in loss of entitlement to small entity status prior to paying, or at the time of paying, the earliest of the issue fee or any maintenance fee due after the date on which status as a small entity is no longer appropriate (37 CFR 1.28(b)).

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of any application, any patent issuing thereon, or any patent to which this verified statement is directed.

Jorge Jaime Inga
